## UNAUTHORIZED USE OF VEHICLE A FELONY

Sec. 28. Any person who shall drive or operate or cause to be driven or operated, upon any public highway within the state, any motor vehicle not his own, with or without intent to steal the same, in the absence of the owner thereof and without such owner's consent, shall be guilty of a felony; provided, however, that this section shall not be applicable to motor vehicles, the fair value of which at the time of the commencement of such unauthorized use is less than three hundred dollars.

Extract from Penal Code of State of California

Sec. 499c. Every owner or manager of an automobile garage, or any agent or employee of such owner or manager, or any other person, having the care, custody or possession of any automobile, who takes, hires, runs, drives or uses such automobile, or who takes or removes therefrom any part thereof, without the owner's consent, is punishable by a fine not exceeding one thousand dollars or by imprisonment in the county jail not exceeding one year or by both such fine and imprisonment.

## Introduction

**O**WING to the many requests for road maps and touring information, the Fireman's Fund Insurance Company presents to its patrons and friends this second edition of its Tour Book of California, containing data not heretofore published.

We have carefully selected the best highways from Tia Juana, Mexico, to Crater Lake, Oregon, and from the Coast to Yuma, Arizona, and Reno, Nevada. The main highways are indicated by heavy lines.

For the convenience of motorists we have noted briefly distances between towns, cross roads, bridges and grades, condition of the roads, also towns where hotel, garage and gasoline accommodations may be secured. The names of automobile dealers and their agents are also given.

The Fireman's Fund has an agent in every city, town and village in California, whose services can readily be obtained.

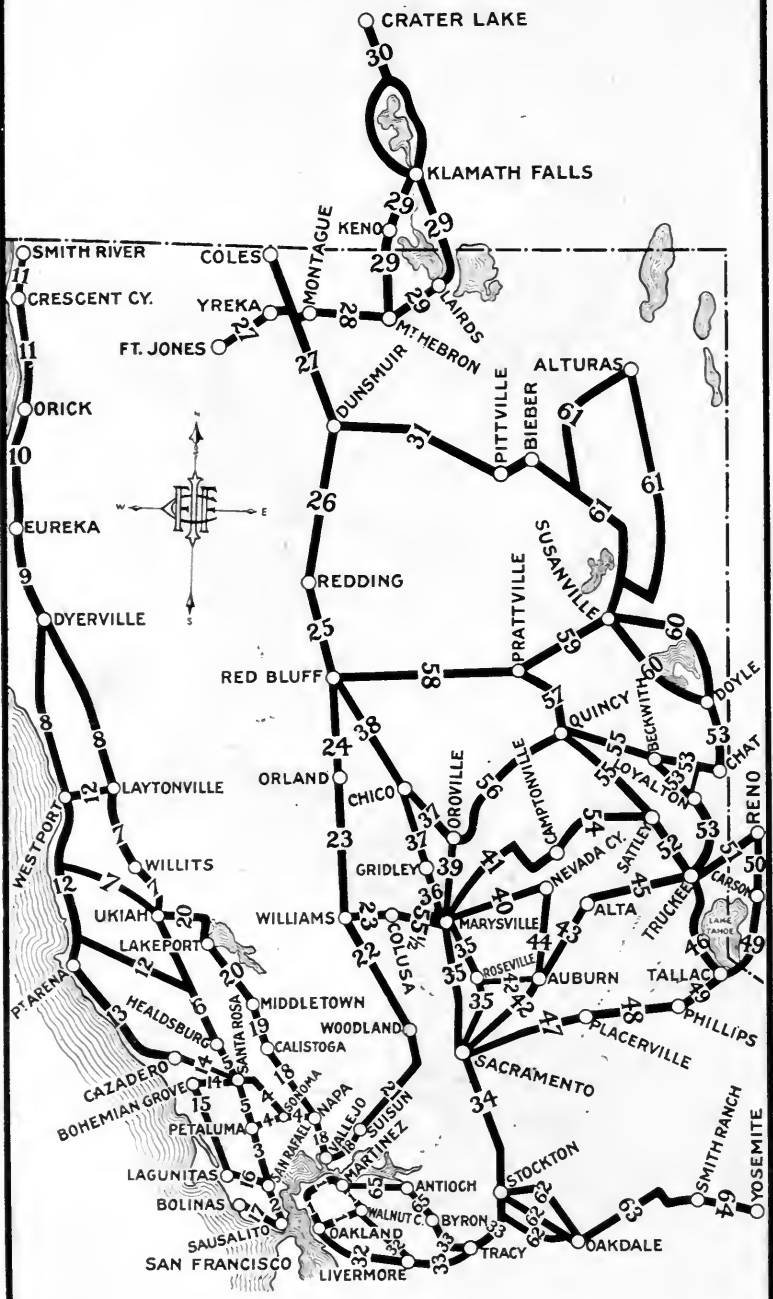

As it is desired to make this book as accurate as possible, information respecting errors or omissions will be gratefully received.

After leaving Marysville the road is level for about 15 miles, then fair roads are encountered with up grades ranging from 5 to 10 per cent. Hotels and garages at Marysville and Nevada City. Fireman's Fund Agents at all points.

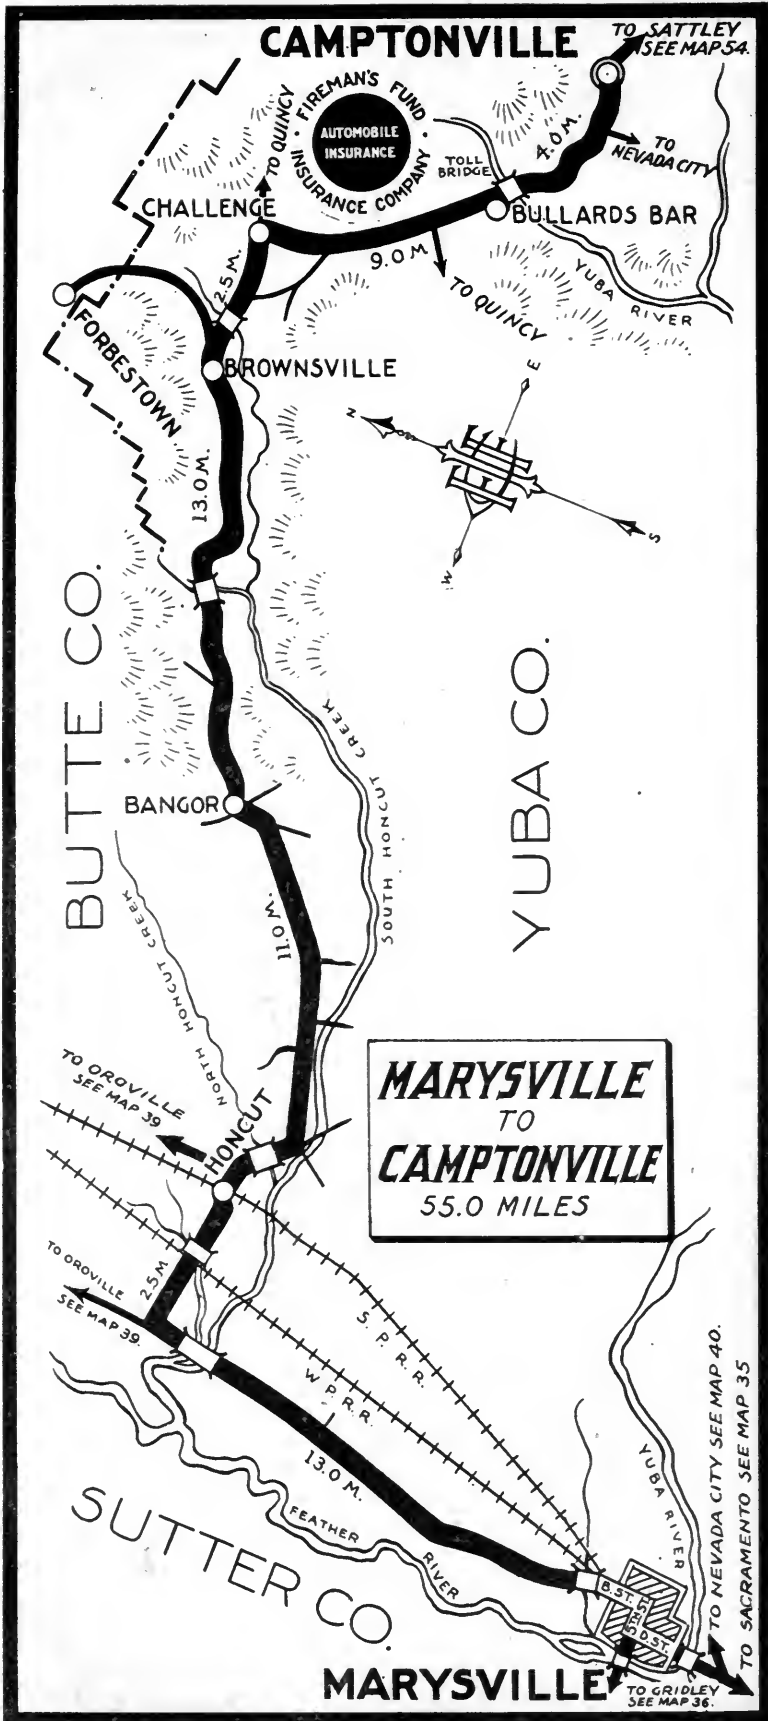

The policy of the Fireman's Fund gives complete protection. It covers anywhere in the United States or Canada and can be extended, when required, to cover in foreign countries.

The Fireman's Fund is represented in every city and town of the United States, and in all principal cities of the world. This is an advantage to our policy holders, who may be touring at home or abroad. No loss of time or patience.

Claimants can report loss or damage to agent nearest scene of accident and receive prompt attention. Our system for adjusting losses unexcelled.
